

PETERS & DOMSCHEIT

KUNSTSTOFFVERARBEITUNG GMBH

Peters & Domscheit Kunststoffverarbeitung GmbH has been producing customised solutions from thermoplastics at its Solingen site since 1986. We are committed to successfully developing a wide range of products, such as fans, rain traps, and ventilation systems for universities, the chemical industry and a host of other sectors throughout Germany and internationally. Our young team currently consists of 14 employees, and we are looking to expand it as soon as possible.

Production employee (male/female/other)

Their tasks:

- High-quality welding of thermoplastics
- Independent operation of machines
- As an employee, you will pack and dispatch workshop orders picked by you according to specifications
- You will support our team with disassembly and assembly work
- Receipt and inspection of incoming goods as well as recording of delivery notes

Your profile:

- You have several years of professional experience and technical knowledge
- Working independently and under your own supervision is a given for you
- You enjoy working in a well-coordinated team
- You possess a valid driver's licence
- Good knowledge of written and spoken German

We offer:

- A motivating and diverse range of tasks
- An attractive and performance-based salary
- A relaxed and cooperative work environment with flat hierarchies
- Career changers from other professions are welcome too and will be extensively trained and familiarised with the job
- Individual opportunities for further development

If you feel that you are the right person for the job, please send us all your application documents electronically in one file, and indicate your earliest possible starting date:
